Office Memorandum • UNITED STATES GOVERNMENT

TO : Chief, D/S

DATE: 10 February 1956

FROM : Chief, S/TR

SUBJECT: Formation of a Division Committee on the European Satellites.

1. In view of the success experienced in the operations of the Division China Committee it is recommended that a committee be formed that would be composed of the principal analysts in the Division who are responsible for research on the European Satellites. This committee would operate informally, without responsibility for the production of papers, and be chiefly concerned with the exchange of information and ideas.
